

JMF Vision

JMF Vision is to make provision for quality education at par excellence with potential & Vitality.....

JMF Mission

To make provision for education & personality development that nurtures an individual to be an able citizen willing to serve his/her own family society & nation with a right attitude.....

The founder President & Principal Dr. Rajkumar Kolhe of Jahnvis Multi Foundation VandeMataram Degree College has Chosen the way of Education for the development of Society and providing quality education and add a necessary flavour to the life of the Youngsters. The real journey started from the initial 2000's but the first practical existence of the Dream Project was brought up by 2009 for the development of sound mind & skill based workforce for nation at large.

'Sincerity and Hardwork leads to success' so as the college strives hard to provide world class infrastructure like well-developed Chemistry, Physics, Zoology Laboratories, user friendly library & magazine cater to fulfill the academic thirst of the society. Every year we prepare Annual Calender for Academic Ease and thoroughly follow the same as far as the events and the dates for the same are concerned. Apart from the academics there are also quality activities like NSS unit to train the Youngsters, Job Mela, Earn While Learn facility, etc. For the Socially Deprived Children's College also provides Scholarships in order to provide them a better future which is possible by providing the quality education to them so they can also stood up in this highly-competitive society easily.

The college also provides platform to the students in order to explore themselves by arranging inter and intra collegiate sports and cultural meet. Also value based activities such as Seminars, workshops, research activities, conferences, etc., brings laurels to the college.

Theme based activities are conducted to create awareness & spread love such as Chocolate day celebration with Orphanage Children's and Rose day celebrations with Civil Service Providers. The celebrations of Annual Day '**PRERANOTSAV**' add great zeal & enthusiasm.

All we can conclude it as Education is the only resource we have in our hands to mould the true nature of an individual and cast to mould a model law abiding citizen. We aim to radicalize & revolutionize the entire education system.

With the vision of providing quality education at par excellence with potentials & vitality we, VANDE MATARAM FAMILY, work with the aim to produce big smiles & depth of wisdom by nurturing values & humanity to serve the society.
